BY BOUTELLE BROTHERS.

All business letters should be addressed to Boutelle Brothers, and communications intended for publication should be addressed to "Editor of Whig and Courier."

THURSDAY, SEPTEMBER 24, 1896

REPUBLICAN NOMINATIONS.

For President:
WILLIAM MCKINLEY,
or none.For Vice President:
GARRET A. HOBART,
or New Jersey.For PRESIDENTIAL ELECTORS.
For Electoral Large:
JOHN F. HILL, of August.
JOEL WILBUR, of Avon.
First District—A. E. MICKERSON.
Second District—FRED ATWOOD.
Third District—ALBERT H. SAWYER.Upseurpation of Power Stepped
Upon.

Major Neal reached the very limit of subtlety last evening when he attempted to assert the preposterous idea that, having called a meeting of the City Council, he could rescind the call at pleasure. A more ridiculous assumption of power could not possibly be imagined. The Mayor seems to have exercised the idea that he is the City Government, that he can determine what business it shall transact, as well as its methods, and, failing in this he can at once stop the wheels of legislation. He received a needed lesson last evening when his bumptious and intolerant methods were stopped upon.

Two calls were issued for a special meeting last evening. The first was for a joint convention of the two boards. The second was for a meeting of the City Council in the usual form. Both were issued as is the custom by the City Clerk. The Mayor has no right to call a joint session of the City Council and any business transacted under such a call, would be in the judgment of sub-legal authority, illegal. The City Clerk evidently discovered this fact and when he did he performed his duty by issuing a legal call. When the City Council assembled the Mayor coolly informed the members that it was to be a joint session, or there would be no meeting. The members declared that they had met under a legal call and were ready to do business, one of the members reading the call. The Mayor then said he would revoke the call, a proposition so absolutely in contradiction of all law, order and common sense that it is simply astounding that a man holding the dignified and responsible office of Mayor of the City of Bangor was willing to assert it.

Of course the board immediately refused to listen to such nonsense, or to state it more accurately, declined to tolerate such revolutionary proceedings. The board at once organized by electing one of its own members as presiding officer, had the City Clerk call the roll, notify the lower board that the Aldermen were in session, and subsequently that the Aldermen were about to adjourn to this evening. These proceedings were recorded in both boards which then adjourned to meet again this evening. If the Mayor desires to perform the functions of his office and preside at this meeting well and good; if not, the meeting will transact the business of the city just the same.

The Mayor may search the charter through and be well fail to find any section authorizing him to call a joint session. Joint sessions are held for the purpose of electing subordinate officers as provided by the charter; when other joint sessions are held it is by the courtesy of the members of the board, not by virtue of any authority vested in the Mayor. It is evident that Mayor Neal has at last strained the endurance of the Board of Aldermen by his arbitrary methods, and the action taken by both boards at the meeting last evening to proceed with important business will have the hearty approval of the citizens of Bangor.

A Spirited Rivalry.

There seems to be a spirited contest on just now between Mr. Sewall, the Populist candidate for Vice President, and Mr. John Boyd Thacher, the Populist candidate for Governor of New York, to determine which can contribute the greatest element of humor to the campaign. Mr. Thacher is for the Chicago ticket, but again the platform; so is Mr. Sewall, or at least so far as his personal business interests are concerned, he prefers the Republican doctrine. He talks silver to the people, but demands the insertion of the "gold clause" in his charter. Politically he behaves in free ships, but as a shipbuilder he desires Republican protection for American bottoms.

We recently published a letter issued by the American Merchant Marine Association, of which Mr. Sewall was at the time President, setting forth strong reasons for the success of Republican principles. In view of the publicity given that letter Mr. Sewall has forwarded his resignation to the association because the introduction of "politics and partisanship" do not have his approval. This would imply that the Secretary of the association had assumed the responsibility of speaking for it on a question of first importance without consultation with his superior officer. If such is the case the association is a peculiarly conducted organization. But why should Mr. Sewall wince at this exhibition of inconsistency? It is by no means the first time he has admitted that the policy of the Democratic party was one of hostility to the shipping interests. The chairman of the Republican State Convention, held in this city in June last, after referring to the well-known hostility of the Democratic party toward this great interest, said:

And the Democrats of Maine presented this pitiful spectacle; the Democratic shipbuilders in the Second District were to be beaten in the election. Dickey and Price. The Democrats of Maine did the same in the memorial to the State Legislature, to our Republican representatives, to save them from ruin at the hands of their own party associates.

The mere fact that Mr. Sewall has sent his resignation as President of the American Merchant Marine Association because a letter representing the views of said association got into print, will not deceive anyone. "If only odds to the honor of a campaign in which the Vice Presidential candidate faced one way as a political and the other as a business man. The people have more respect for Mr. Sewall's business judgment than they have for his political truculence, and so, they were voting for business to the recent election in this State the results reflected a most encouraging indication that Mr. Sewall will not be obliged to give up his political ambitions." The paper which published this speech of Mr. Sewall's, in the "Daily Whig and Courier," is the "Daily Whig and Courier," of Bangor, Me.

HERE'S A SIGN CAN'T BE BEING

about our store that throngs the departments with ready buyers. It may be the styles or qualities or prices; perhaps it's a combination of the three; whatever it is, it's doing the business, and a most satisfactory one at that. Hosts of new wares have arrived during the past few days. Want to introduce them to your notice; so, a few choice bargains that will make things lively for us and benefit you.

ONE PRICE!

20-cent Fabrics First.

This is only the beginning. In the first wash of the tide were of public condemnation which is going to overwhelm Bryan in November. The majorities in Vermont and Maine, which seem so impressive when seen alone, will be lost in the mighty majorities from the more populous States. At the lowest, it is from three to four times Harrison's plurality. In 1892, which was considered large enough. This result never could have been brought about by the efforts of any one party. It is the result of the united efforts of honest and intelligent men of all parties to crush once and forever the folly and mischief of Bryan.

RESCUE PARADE.
and Firemen's Parade
of Boston.

BREWER LOCALS.

Mr. Walter K. Spofford, of Holden, was in the city yesterday on a short business trip.

Mrs. Carrie Johnson, of Dedham, has gone to Castine to attend the Normal School there.

Capt. and Mrs. George H. Barber, who have been on a trip to New York, have returned home.

R. V. R. Mills, of Holden, is in Fitchfield this week attending the Congregational conference there.

Dr. Byron D. Spencer and wife, of Union, are visiting with relatives at Dr. Spencer's former home in Dedham.

Mrs. Fred A. Coombs, of the New York City police force, has been in the city this week visiting with Mr. Fred A. Cole.

Mr. Clement Mitty, of South Brewster, leaves this week for Philadelphia, where will enter a college of pharmacy for a course.

Mrs. E. B. Lord, of Stillwater, with her two children, is in the city visiting with Mr. and Mrs. M. E. Gilmore on Washington street.

Dr. M. Kellogg's new house on Hill street is all closed in and he expects to occupy it this fall. He is having a large and handsome building erected.

A business session of the Epworth Union was held yesterday afternoon at the home of Mr. and Mrs. A. E. C. Clegg, 1127 Washington street. The members and committees were appointed to arrange for a harvest supper, and entertainment to be given the first of October.

The East Edgerton Fair opened yesterday with a large attendance, a number from this city going out. The exhibit is reported as a fine one and there are a number of special attractions. The Fair will close with a grand bill to-night.

The Brewer High school foot ball team held a meeting on Wednesday forenoon and decided to disband. It was expected that a strong team would represent the school this fall, but some of the boys who commenced in the practice, gave it up and there were not enough of the boys willing to play to make a good team and it was therefore given up.

The much talked of case brought about by City Marshal Fickett killing two dogs belonging to Harry Godfrey, for which Godfrey has sued the marshal to recover damages, has another chapter. Tuesday Mr. Kendall, whose child one of the Godfrey dogs bit, had a police served upon Mr. Godfrey for a suit for damages in the sum of \$1,000.

Mr. Andrew DeHaest, of Curacao, W., who obtained a common school education in the Brewer schools and afterwards graduated from the Maine State College, has accepted a fine position as civil engineer on the Boston & Albany railroad. Mr. DeHaest's many friends in this city will be very glad to hear of his success in obtaining so good a position.

WANTS to Know Their Plans.

Ottawa, Ont., Sept. 23.—In the House of Commons yesterday the ex-Chinese Minister for foreign affairs attacked the government for not laying before parliament the principal documents of the policy he intended to be followed. He wished to know whether the national police, which the Conservative party had established and fostered, would be discontinued or deleted. In answer to a question from Mr. Foster, he said: "That this House while willing to allow reasonable time to perfect details, is not willing to postpone the adoption of a principle upon which the government proposes to base their tariff revisions should be in as far as possible and that no tariff will be raised unless it is necessary to do so upon the basis of adequate and sufficient provision for the manufacturing interests of the country."

Mr. Richard C. Hobart, finance minister, replying, said the government would stand by its policy as declared in the convention of 1871, and that some time ago it was the intention of the government to carefully look into the whole matter, and that it would be necessary to do so that no injustice would be done to any of the many conflicting interests.

ST. LAWRENCE FISHERIES.

A report at the marine and fisheries department dealing with the results of the season's fishing operations along the northern coast of the Gulf of St. Lawrence states that seal fishery has been complete failure, owing to the fact that the seals have been driven down with herring on shore at all the cod fishing ports.

The cod fishing, however, was a great success, the herring catch up to 100,000 tons.

ST. LAWRENCE FISHERIES.

For some days a small sailing vessel, ostensibly fitted up as a yacht, has been noted, hovering around Gloucester, Mass., always taking care to keep well out in the outer harbor during the day, but coming in at night.

"That this House while willing to allow reasonable time to perfect details, is not willing to postpone the adoption of a principle upon which the government proposes to base their tariff revisions should be in as far as possible and that no tariff will be raised unless it is necessary to do so upon the basis of adequate and sufficient provision for the manufacturing interests of the country."

ST. LAWRENCE FISHERIES.

For some days a small sailing vessel, ostensibly fitted up as a yacht, has been noted, hovering around Gloucester, Mass., always taking care to keep well out in the outer harbor during the day, but coming in at night.

"That this House while willing to allow reasonable time to perfect details, is not willing to postpone the adoption of a principle upon which the government proposes to base their tariff revisions should be in as far as possible and that no tariff will be raised unless it is necessary to do so upon the basis of adequate and sufficient provision for the manufacturing interests of the country."

Mr. Richard C. Hobart, finance minister, replying, said the government would stand by its policy as declared in the convention of 1871, and that some time ago it was the intention of the government to carefully look into the whole matter, and that it would be necessary to do so that no injustice would be done to any of the many conflicting interests.

ST. LAWRENCE FISHERIES.

A report at the marine and fisheries department dealing with the results of the season's fishing operations along the northern coast of the Gulf of St. Lawrence states that seal fishery has been complete failure, owing to the fact that the seals have been driven down with herring on shore at all the cod fishing ports.

The cod fishing, however, was a great success, the herring catch up to 100,000 tons.

The stockholders of the Bangor Bridge Company will hold their annual meeting at the office of E. & J. H. Storrs on Tuesday, October 6, 1896, at 3 o'clock p.m. to choose officers for the ensuing year and transact other business which may come before the n.

The Mayor over-reached himself last evening when he attempted to usurp the functions of the City Council. As we stated in THE WHIG Wednesday morning, a special meeting of the City Council was called for last evening. It appears that two calls had been issued for that meeting. The first was for a joint convention and the second for a meeting of the City Council in regular form. As both calls were issued by the City Clerk, as is the usual custom, it is evident that said call was issued for the joint convention and the second for the meeting of the City Council in regular form.

The motion was carried a message to that effect.

Alderman Ward—I move that a special meeting of the City Council be held Thursday night at half past seven and that the roll be informed that the Alderman Glass be elected temporary chairman.

The Clerk called the roll and all the members but those from Two and Four responded.

The Mayor—I suggest to the Clerk that he make a full record of the proceedings so it will show on the records, also that the meeting was not called to order by anybody.

Alderman Ward—I move that the Alderman Glass be elected temporary chairman.

The motion was seconded and put and declared carried by Mr. Ward.

Chairman Glass—Mr. Clerk you will call the roll of the members of the board.

The Clerk called the roll and all the members but those from Two and Four responded.

The Mayor—I suggest to the Clerk that he make a full record of the proceedings so it will show on the records, also that the meeting was not called to order by anybody.
